Handyjet

The new multi-purpose torch

SIEVERT®

Soldering

Heating

Paint stripping

Multi-purpose is the keyword for our new Handyjet line. Examples of applications are soldering, paint stripping, de-icing, cooking, barberque and many other heating applications.

New unique burner

Our new Handyjet has a new powerful, efficient and windstable multi-purpose burner. The new unique burner is designed with a preheating tube, that heats up the gas before combustion. This means that our new Handyjet can be used upside down without any flare-ups.
